"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

THE OLD "SQUARE RIG" DAY'S ARE GONE!

The old square rig days meant proper trimming of sails and the correct tack–otherwise disaster. Get rid of your "square rig" advertising–try the Directory–referred to by thousands, your ad will stay on its course.

STRETCH YOUR "AD" DOLLARS

It isn't the cost — it's the ad coverage that counts and you get so much for so little when you advertise in the DIRECTORY.

INTELLIGENT ADVERTISING

Eye-catching Advertising caters to a chance trade, whose eyes are wandering.

Businesslike Advertising puts its display where it will be seen by those **Looking** for the message it bears.

IF YOU WANT TO KNOW
The meaning of a word, **Where Do You Look?** In the **Dictionary.**

Who sells what you want to buy,
IN THE DIRECTORY.

A directory is **On The Job 365 Days** in the year, and he who looks therein does so because he

PLUMBING AND HEATING

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

THE PRICE & LEE CO.

SUMMIT NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right even" after street description indicates even numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

MILLBURN NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right even" after street description indicates even numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

REFERENCE ADVERTISING

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore –

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each descrip-ion followed by a numerical arrangement of householders, places of business and treet intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at hat number was vacant when the canvass was made.

"Right even" after street description indicates even numbers on right side f street.

The symbol ◎ following a householder's name indicates that information has een secured during the canvass that the house is owned by some member of the amily, but as the publishers cannot and do not guarantee the correctness of the nformation furnished, nor the complete absence of mistakes, no responsibility for rrors can be or is assumed, nor can the publishers furnish further information han that shown.

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—*you can quickly find the answer in the City Directory.*

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.
